

## Educating and Understanding Boys

Full day seminar presented by Ian Lillico

**Date:** Monday 26th October 2015  
**Time:** 9:30am - 2:30pm  
**Venue:** Brisbane International Virginia  
Cnr Sandgate Rd & Zillmere Rd  
Boondall, Queensland

This seminar is for Teachers, Parents, Assistants and Administrators in Schools and Colleges and all professionals who work with boys and young men.

This seminar deals with teaching, motivating, parenting and managing boys in schools and specialist centres; at home and in the workplace; and examines the issues affecting boys' outcomes. Ian will outline the challenges facing educators and parents over the last twenty years in educating and raising boys. **A highlight will be discussing the impact of changes arising from DSM V for classifying ADHD and ASD and other disorders in children.**

Classroom strategies are dealt with - specifically behaviour management, homework, literacy, group work and the use of visuals. A number of policies and practices from around the world are critically analysed and some of Ian's 52 recommendations will be expanded and analysed in terms of application to schools, homes and society generally. A strategic treatment of behaviour and a complete analysis of classroom and schoolyard functionality are also a highlight of this seminar.
